

Rental Fleet Sale

Lift Depot is Growing Again

We are upgrading a large number of existing rental fleet machines to brand new units that will soon arrive. We are offering for sale or lease at a very competitive price several of our existing rental fleet Clark Electric three wheel, four wheel and electric stand up machines. All these units were operating in a clean environment under a full maintenance program performed by our skilled Lift Depot Technicians. Accordingly each unit will be sold with complete safety & upright inspections.

Competitive pricing is also available on all types & capacities from our industry leading pre-owned lift truck inventory.

Please call if you have any material handling requirements.
